

## **Data protection in applicant management**

Magnetic Autocontrol GmbH operates an application management system in which your personal data is processed.

Personal data, as they are transmitted to us through your application, are collected, processed and used by us exclusively for the processing of the application procedure and for filling vacancies. We undertake not to pass on your data to third parties.

By submitting your personal data, you give us permission to store and utilize your data made available to us to the extent described above. You can revoke this permission at any time by informing us. Please contact the contact person mentioned in the job posting. Your data will then be irrevocably deleted. Without participation in the applicant pool we will delete your data at the latest 3 months after the assignment of the position.

### **Admission to the applicant pool**

We would be happy to include your application in an applicant pool. Your application data will be deleted after 36 months at the latest without using our application pool. With the letter of refusal, you will receive the information from us for including your data in our applicant pool. This requires your express consent.
